1. Purpose

- 1.1. This policy establishes the framework for protecting Pakistan Cables Ltd. (PCL or Company) information assets from unauthorized access, disclosure, alteration, and disruption.

2. Scope

- 2.1. This policy applies to:

- 2.1.1. All employees
- 2.1.2. Contractors and consultants
- 2.1.3. Third-party service providers
- 2.1.4. All IT systems, networks, applications, and data owned or processed by PCL

3. Policy Statement

- 3.1. PCL shall implement and maintain security controls to ensure:

- 3.1.1. Confidentiality of information
- 3.1.2. Integrity of data
- 3.1.3. Availability of systems and services
- 3.1.4. All information assets shall be protected according to their classification and business criticality.

4. Information Classification

- 4.1. All Company information shall be classified into the following categories:

Classification	Description
Public	Information approved for external disclosure
Internal	Internal operational information
Confidential	Sensitive operational or financial information
Restricted	Highly sensitive strategic or regulated information

- 4.2. Handling controls shall correspond to above classification levels.

5. Security Control Principles

Security control principles ensure that PCL protects its information, systems, and operations through a structured, consistent, and risk-based approach. They provide a standardized framework to:

- Safeguard critical business data
- Enable informed technology and risk decisions
- Ensure regulatory and audit compliance
